

JOINT SCIENTIFIC SEMINAR

HONG KONG COLLEGE
OF RADIOLOGISTS

THE UNIVERSITY OF
HONG KONG

Cardiac T2* in Thalassaemia: From the Lab to Defeat of Death
by Prof. Dudley Pennell

Emerging Clinical and Research Applications of Cardiac MRI
by Dr. Andrew Yan

Date: 23rd April 2018 (Monday)

Speakers: **Prof. Dudley Pennell**

*Professor of Cardiology
National Heart and Lung Institute
Imperial College
Director of the National Institutes of Health
Research Cardiovascular Biomedical
Research Unit, Royal Brompton Hospital
London, United Kingdom*

Dr. Andrew Yan

*Associate Professor of Medicine
University of Toronto
Member of the Division of Cardiology
St. Michael's Hospital, Ontario, Canada*

Moderator: **Dr. Ming-Yen Ng**

Venue: **Function Room 1, 2/F,
Hong Kong Academy of Medicine
Jockey Club Building,
99 Wong Chuk Hang Road, Aberdeen,
Hong Kong SAR**

Programme

6:30 – 7:00pm **Registration with refreshment**

7:00 – 8:30pm **Lectures and Q&A**

All are Welcome

Seats for lecture are available on first-come-first-served basis.

RSVP Online Registration: <https://goo.gl/forms/MTHwvIrsh8fQvq7N2>

CME/CPD ACCREDITATION

Hong Kong College of Radiologists: 1.5 (Cat. A) CME/CPD points

CME/CPD credit points from other Colleges of the Hong Kong Academy of Medicine and MCHK CME Programme are under application

Speakers:

Prof. Dudley Pennell

*Professor of Cardiology, National Heart and Lung Institute
Imperial College*

*Director of the National Institutes of Health Research
Cardiovascular Biomedical Research Unit
Royal Brompton Hospital
London, United Kingdom*

Dudley Pennell is Professor of Cardiology at the National Heart and Lung Institute, Imperial College, London.

He is also Director of the Cardiovascular Magnetic Resonance (CMR) Unit, and Director of Non-Invasive Cardiology & Inherited Cardiac Conditions at Royal Brompton Hospital.

His current research interests in CMR are:

1. Measurement of myocardial iron and the assessment of chelation treatment,
2. The assessment and differentiation of cardiomyopathies,
3. Diffusion tensor imaging of myocardial architecture.

He has published >500 research papers and has been awarded a number of fellowships, including in 2014 to the Academy of Medical Sciences. He is a recipient of the Gold Medal Award from the Society for Cardiovascular Magnetic Resonance.

Dr. Andrew Yan

Associate Professor of Medicine, University of Toronto

*Member of the Division of Cardiology, St. Michael's Hospital
Ontario, Canada*

Dr. Andrew Yan received his medical degree and his postgraduate training in internal medicine and cardiology at the University of Toronto. As the recipient of a Canadian Institute of Health Research fellowship award, he completed a 2-year clinical research fellowship in cardiac magnetic resonance imaging (MRI) at the Brigham and Women's Hospital, Boston, USA.

He is a member of the Division of Cardiology at St. Michael's Hospital and is an Associate Professor of Medicine at the University of Toronto. His research interests focus on novel applications of cardiac MRI in clinical practice and research, including risk stratification of cardiac patients, cardio-oncology, and cardiac remodeling in renal disease. His research is supported by peer reviewed grants from the Heart and Stroke Foundation and the Canadian Institutes of Health Research.
